

The Great American Mountain Rally Revival 2023, September 25-27

Paper entry form-if paying by check

(Note this is an abbreviated form, for complete information visit <http://msreg.com/GAMRR2023>)

This year will be the fifth running of the “Revival;” and the 70th anniversary of the first running in 1953. Our first four years were huge successes; and we plan on this year being as good; or better than last!

GAMRR 2023

GAMRR is a Hybrid rally incorporating a “Tour” and a precise Time Speed Distance rally traversing approximately 400 miles. There will be a course to follow through Vermont running over some of the infamous “gaps” and notches that were traversed in the original events. We will be running through the Champlain Valley along the shore of Lake Champlain as well as the rolling fields of western Vermont. The event will be utilizing a Tulip style of instructions and a short map reading section. This rally is well suited for inexperienced as well as veteran rallyists.

GAMRR will be run out of our host lodge at Bolton Valley Resort <https://www.boltonvalley.com/>.

The rally is hosted by New England Vintage Road Rally LLC.

A TSD (Time Speed Distance Rally) utilizes checkpoints (controls) throughout the entire route and thus requires you to ‘stay on time, all the time.’ It is not our intention to create a rigid “structure” like a TSD; we feel you should be able to adjust your speed faster or slower as you want, provided you are not in a timed Regularity Section.

There are a number of Regularity sections throughout each day where you have to roll up your sleeves and try to stay exactly on time. You need to follow the numbered route instructions and assigned speeds, which will change throughout the Regularities. These Regularity Sections will comprise approximately 70% of the anticipated 400 miles total; the event will be “won or lost” on these sections.

We will be employing a modern system of GPS timing, the RICHTA system, eliminating the need for numerous Control Workers. The timing system also enables us to have as few or as many controls as we see fit. The scoring will be performed via an automated system, which will allow a timelier reporting of daily scores. This system has been tested extensively over the past 4 years and has been utilized to score many hundreds of controls with great success.

We do, however, want to maintain the flavor of the original rally and thus we will be limiting the technology that can be used by contestants. In theory if the technology did not exist in the 1950’s or early 1960’s it is not allowed (with a few exceptions) for GAMRR 2023.

Event includes Monday morning breakfast at registration, Monday catered lunch, Monday night Cocktail Reception, Tues & Weds breakfasts, Tuesday Box lunch, Weds dinner – Award Ceremony, Route Instructions, rally plates, GAMRR Rally attire, door stickers, rally school, and awards.

Classes:

- Original: Cars that could have competed in the 1950’s GAMRs (model year 1957 or older)
- Classic: Cars of model years 1958-1978
- Modern: Cars of model years 1979-1999
- Touring: Cars of model years 2000 or newer (class only award, not eligible for GAMRR overall Trophy).
- Special class: Vintage MGs pending enough registrations – (100th Anniversary of MG)

See MSR link <http://msreg.com/GAMRR2023> for Rally Equipment information
